# NRA-PVF ENDORSES STATE REP. DREW DARBY FOR RE-ELECTION: EARLY VOTING FOR MARCH 5 PRIMARY STARTS TODAY!

Dear Texas House District 72 NRA Member:

**Early voting starts TODAY in Texas' March 5 Primary Election!** NRA's Political Victory Fund proudly endorses State Representative Drew Darby in Texas House District 72. Rep. Darby has an outstanding and proven record of support for your Second Amendment rights in the Texas Legislature and is the **ONLY** NRA-PVF endorsed candidate in this race.

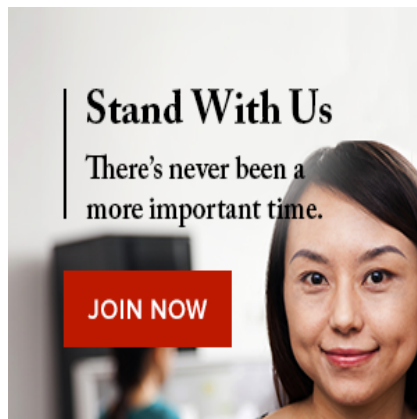

Drew Darby has been a reliable and consistent friend to gun owners in the fight to defend liberty and freedom in the Texas House. Attempts by third-party, dark-money organizations to distort Drew Darby's policy positions on gun issues are intentionally misleading and dishonest. So are any attempts by political opponents to falsely claim the NRA-PVF endorsement in this contest.

More significant pro-gun measures have passed and become law in the Lone Star State during Rep. Darby's tenure in the Texas House than any other state in the nation. Rep. Darby voted for historic open carry, campus carry and constitutional carry legislation, a landmark bill prohibiting companies that discriminate against the firearm industry from obtaining government contracts, critical emergency powers reform measures preventing closure of firearm businesses during future disasters, a first-in-the-nation travelers' protection law ensuring that hotel guests can transport and store their guns in overnight accommodations, and a newly-minted statute outlawing the use of unique merchant category codes by credit card companies and woke banks to track lawful firearms purchases.

Rep. Darby opposes gun bans, magazine limits, red flag gun confiscation laws, and federal encroachment on our Second Amendment rights.

**Vote early or on Primary Election Day to re-elect State Representative Drew Darby in Texas House District 72. Urge your family, friends, and fellow gun owners to do the same.**

Sincerely, NRA-PVF
